

## Viewing Scrapbooks with Adobe Reader

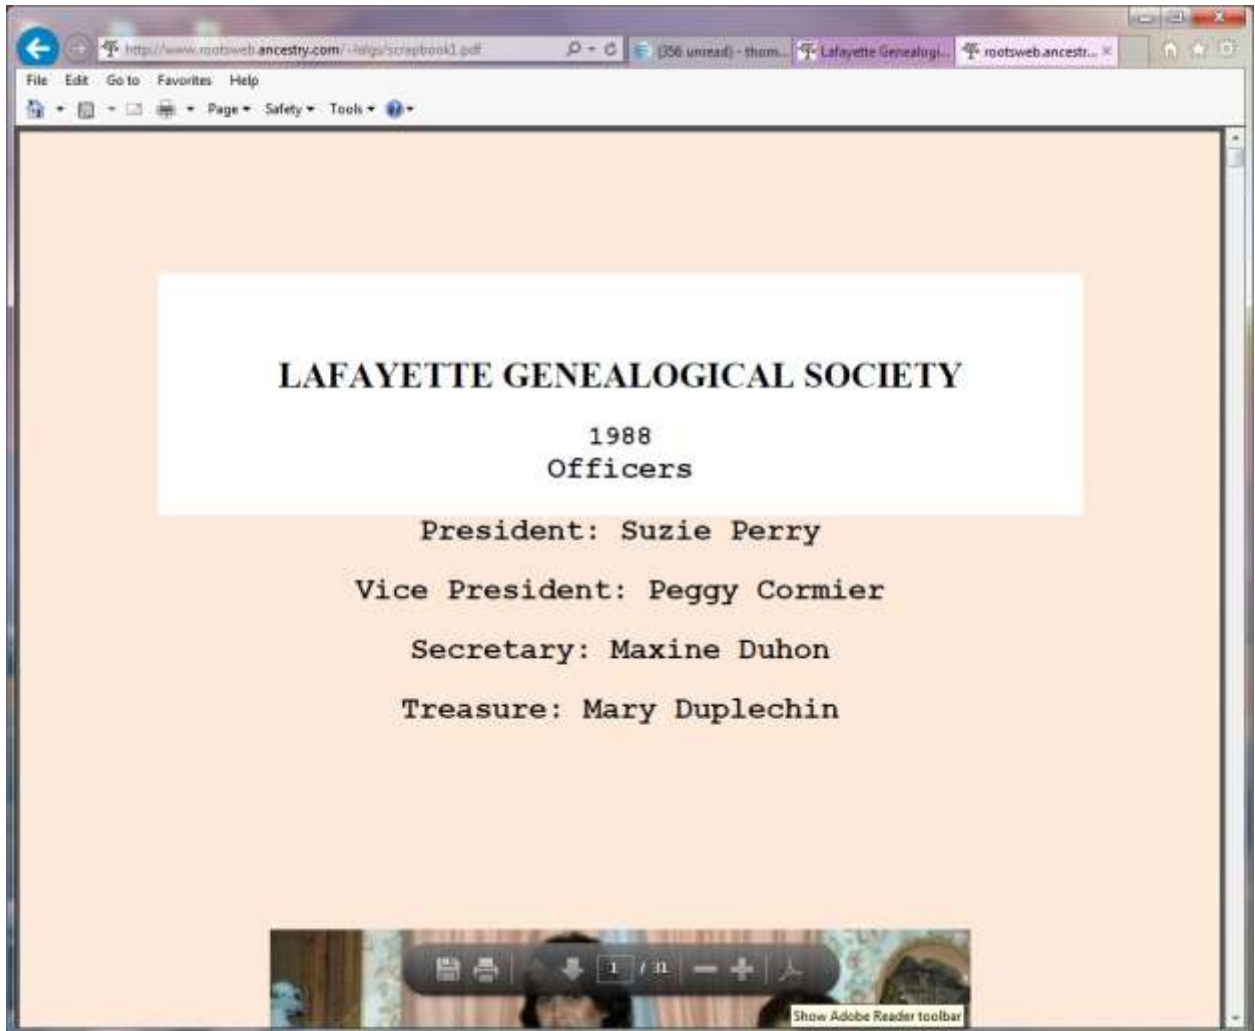

1. When you open a Scrapbook from the website it will be in the PDF format and must be viewed in Adobe Reader. The best viewing experience will be obtained if your screen looks like this.

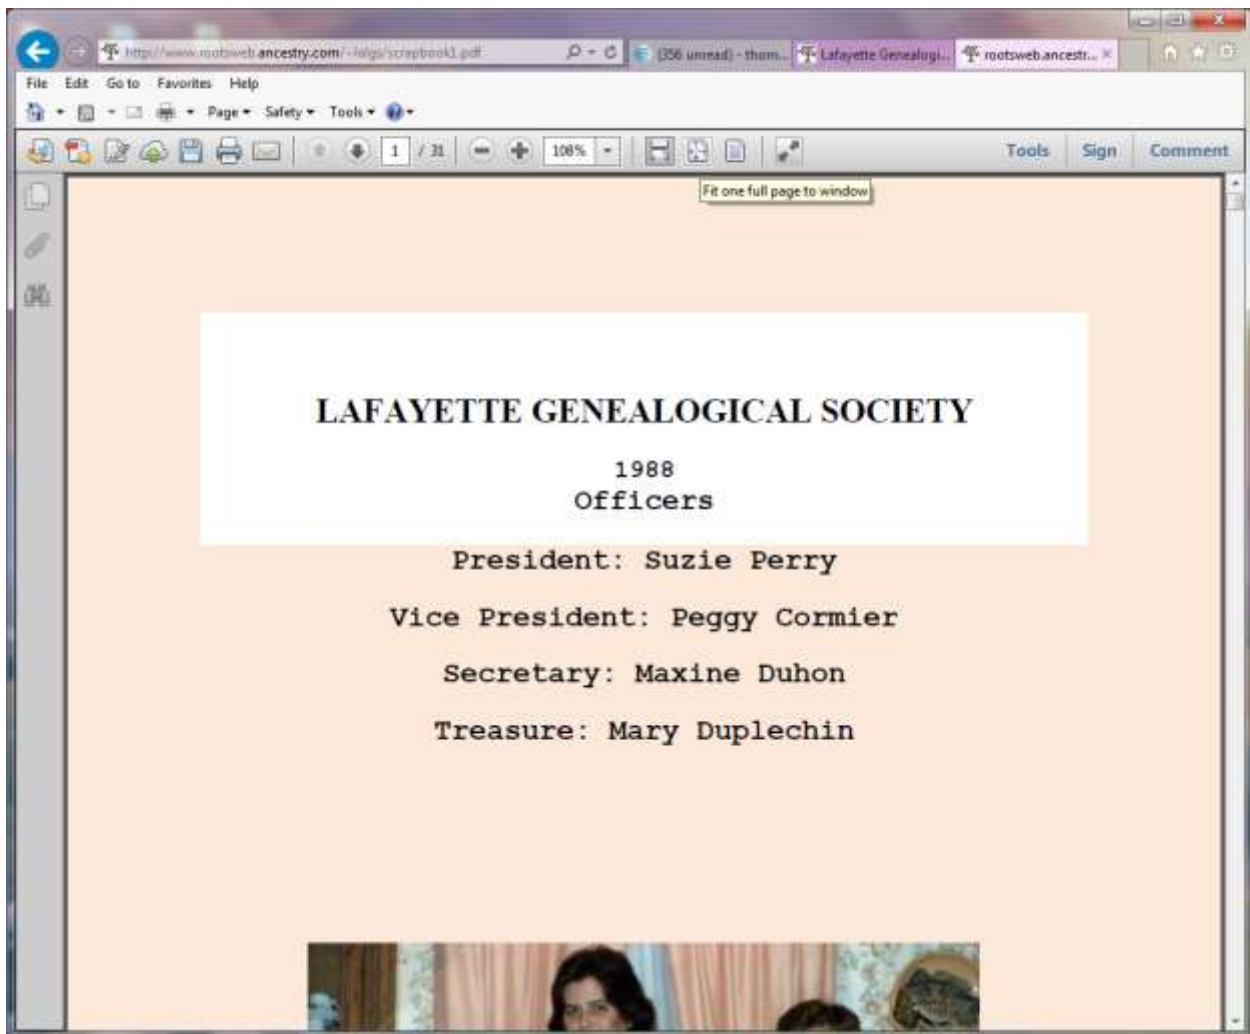

2. Should it look like this, follow this procedure to view properly.

3. Move your cursor to the lower center of your page until the Adobe Reader Tools appear. Display the Tool Bar by clicking on the Adobe symbol on the far right.

- The Adobe Tool bar will appear and your page will look like this. Select "Fit one full page to window" as shown in image below.

5. Your page will look like this and will provide the best viewing experience.
